Last day on trip home from DC. Then I will hang our flag upside down for all to see.
This has been a coup and our country is in dire distress. (media.patriots.win)

My flag in my yard is upside down. It will remain that way until we are all treated fair and justice comes to those who committed Sedition and Treason against President Trump. Also, the entire Trump family and his entire circle are left alone.

Got home late last night.... Start organizing your defense/Offense NOW..... There are MILLIONS of us, start bringing them together. Destroy every Dem/Rino, starting in your local summer 2021 primaries. That will lay the groundwork for crushing the RINO's in 2022.

You are not alone, you are not "Crazy!", you are a patriot, no matter what the MSM tells the sheep. Be a wolf first, then strike like a lion.

2 Just flipped my Betsy Ross too, I'll put it right side up again once I sew my "III" in the circle of stars.

1 Is there a picture of how to hang the flag that way? I'd like to do it too.
